Audit Services

HONKAMP KRUEGER & CO., P.C.

CPAs & Business Consultants

Your experienced auditors are here

Whether you are required to perform an audit or it is part of your business plan, Honkamp Krueger & Co., P.C. has experienced, highly-qualified and certified auditors on hand for you.

As a top 100 CPA firm in the country that's been in business for over 60 years, we have vast experience and a breadth of knowledge to offer you in the following services:

Audits and Reviews

An audit or review may be required by a bank, your board of directors or maybe you are preparing to sell your business. In our hands, an efficient, professional audit will be conducted. Also, as part of our normal service, you will be provided with a management letter giving you valuable

advice on improving your business based on the information we uncovered in the audit. We will take a vested interest in your business.

Compilation

Compilations offer you a snapshot of your financial position. You provide us with your information and we will return to you accurate, useful financial statements. They will be helpful for you to understand your progress.

Internal Control Reviews

In order to reduce your risk for internal fraud, internal control reviews are critical. We can help you separate the duties of your employees in the office. Or maybe you've dreamed of spending more time away from

the office but you worry about internal fraud. We can conduct an internal control review or internal audit to check on your business for you.

Compliance Audits and Employee Benefit Plan Audits

The Department of Labor wants to ensure you are investing your employees' funds properly. We have a vast amount of experience with these types of audits and can perform them proficiently, quickly and at a reasonable rate.

Fraud Investigations

With the high cost of a fraud investigation, you should turn to true professionals. On staff, we have a Certified Public Accountant (CPA) who is a Certified Fraud Examiner (CFE) with hands-on experience in performing several fraud investigations.

Trusted professionals on hand

As you choose your auditor, you should ensure you are turning over your books to trusted, qualified professionals. Honkamp Krueger is a trusted source. Here is what we offer you:

- We take a vested interest in helping you by offering business advice as part of your normal service.
- With our vast experience and history, we can conduct audits efficiently and timely.
- You have a high likelihood of meeting with the same auditor every year saving you the training it requires to work with someone new.
- When you call us, you will talk to your auditor rather than getting the "run-around" by a stranger.

- Your audits will be conducted by staff who are certified in their fields, such as Certified Internal Auditors®, CPAs and CFEs. They are qualified professionals in their niche areas.
- Our auditors stay fresh in their fields by participating in national organizations such as the Institute of Management Accountants.
- With your audit, we will use sophisticated software, which will reduce your staff's preparation time and increase effectiveness.
